ERUPTIONS ALL OVER BABY

Was Fretful All The Time. Cuticura Healed.

"When my baby was three months old her skin became red and sore, and large sore eruptions broke out all over her. Her clothing aggravated the breaking out on her body and she was fretful all the time. The irritation caused her to scratch, and she could not sleep. I tried everything I heard of but nothing helped her. I began using Cuticura Soap and Ointment and in three weeks she was healed, after using one cake of Soap and one box of Ointment." TOWNLEY WANTED ON FRAUD CHARGE

Warrant Out for President of Non-Partisan League, Who is Now in Jail.

By the Associated Press.
FARGO, N. D., January 23.—A warrant has been issued here for the arrest of A. C. Townley, president of the National Non-Partisan League, charging him with embezzlement of \$2,000 from the Scandinavian-American Bank of Fargo.

The warrant, which was issued in the Cass county district court, it was learned today, will be served on Townley when he is released next week from the Jackson, Minn., jail where he is serving a ninety-day sentence for conviction on a charge of violating the state espionage law.

Charge in Warrant.
It is charged in the warrant that Townley on January 20, 1918, at Fargo, "did feloniously advise and encourage" J. J. Hastings, former vice president of the bank, to "commit the crime of embezzlement; that Hastings appropriated the \$2,000 to his own use, to the use of the defendant, A. C. Townley, and to the use of unknown persons."

A warrant was issued in Cass county for the arrest of Hastings, but he went into hiding in Seattle, Wash., before it could be served. The specific charge against Hastings is that he borrowed \$3,000 from the Scandinavian-American Bank for the "U. S. Sinal Trust, J. J. Hastings, trustee," while he was vice president of the bank and before the "sinal trust" was in existence.

Law Involved in Case.
The law under which the charge is brought against Townley makes it an offense for "all persons concerned in the commission of a crime, whether it is a felony or a misdemeanor, and whether they directly commit the act constituting the offense or aid and abet in its commission."

The U. S. Sinal Trust was a stock company formed to purchase land in Florida for the growing of sisal, used in making binder twine. The company sold stock to North Dakota farmers, and it was said the company had considerable land in Florida.

ROSIER'S BROTHER ADVISED DIVORCE

Despite Prosecutor's Protest Coroner Brings Out Evidence in Slaying Case.

By the Associated Press.
MILWAUKEE, Wis., January 23.—Testimony at the coroner's inquest at which Mrs. Oscar Rosier was held for the death by shooting of her husband and his stenographer, Miss Mildred G. Reckitt, centered about alleged activities of Arthur Rosier, a brother of the slain man, in causing the wife to become jealous of her husband.

Objections by the prosecutor to the admission of such testimony were overruled by Coroner Knight, who declared that he wanted to hear all the evidence bearing on the case. "As quite often in murder cases there is an accessory before the fact," Arthur Rosier denied he had said anything to Mrs. Rosier that could have inflamed her against her husband, but on cross-examination by John R. K. Scott, Mrs. Rosier's attorney, he admitted that he had frequently advised her to get a divorce. Because I thought it would be easier for her and I knew my brother was going to divorce her," he denied saying told Mrs. Rosier her husband had been friendly with other women. Mrs. Margaret Nace, formerly a domestic in the Rosier home, related several conversations which she said Arthur Rosier had with Mrs. Rosier and in which, according to the witness, he had told her that her husband had been intimate with other women and was planning to divorce her.

Despite frequent objections by the district attorney, this line of questioning was sustained by Coroner Knight.

EDUCATION IS PUSHED TO ARCTIC CIRCLE AREA

Alaska College and School of Mines Believed World's "Farthest North" University.

SEATTLE, Wash., January 23.—What it is believed will be the world's "farthest north" university—the Alaska Agricultural College and School of Mines at Fairbanks, within a hundred miles of the arctic circle—will open its doors next September, Charles E. Bunnell, former federal judge and now president of the institution, announced here recently.

The college campus is situated on a tract of land for miles from Fairbanks on the main line of the new government railroad, set aside by Congress in 1915. The college itself was formally established in 1917 by an act of the territorial legislature and \$60,000 set aside for buildings and equipment. This amount was inadequate and in 1921 an additional appropriation of \$41,000 was made. Most of the operating expenses will be met by the territory of Alaska, but \$50,000 will be available from federal funds, according to President Bunnell.

The first year's curriculum will offer four courses—agriculture, general science, home economics and mining—under present plans. Special short courses in mining will be given to meet the requirements of prospectors and others unable to attend during the full college year.

The work of the college, President Bunnell predicted, is destined to play an important part in the development of the territory. "There was no other cultivation in the immediate vicinity of Fairbanks last year," he pointed out, "a total of 1,320 acres. This land produced 100 tons of vegetables, 600 tons of oats and hay, 1,270 bushels of wheat and barley, 3,516 bushels of wheat and 292 tons of potatoes. The wheat represents the yield of 183 acres. This yield can be multiplied many times as more land is brought under cultivation through the application of proper farming methods."

President Bunnell will remain "outside" for several weeks, securing equipment for the school and employing faculty members.

ITALIAN NOVELIST DEAD.

ROME, January 27.—Giovanni Verga, noted Italian novelist and poet, died here this morning at the age of eighty-two years. One of his best-known works was "Cavalleria Rusticana," from which Mascagni's opera was adapted. He also acquired fame by his short stories and sketches of Sicilian peasantry. He was born at Catania, Sicily, in 1840.

MEIGHEN WINS SEAT.

OTTAWA, Ontario, January 27.—Arthur Meighen, former premier of Canada, who was defeated in the general election of December 6, in his home constituency of Portage La Prairie, Manitoba, has been elected to the house of commons for the federal constituency of Grenville. The election, held yesterday, was necessitated by the appointment of A. C. Caspellman, member of the district, to a senatorial position under the crown. Mr. Meighen had a majority of 1,686 over A. K. Patterson, his progressive opponent.

THE NEW PERFECTED ASPIRIN THAT BRINGS ONLY RELIEF

Nothing can so quickly or effectively combat pain as does aspirin. This is a fact neither physicians nor laymen can deny. To many, however, aspirin brings severe attacks of heartburn or flatulence, and this has prevented them from continuing its use, even though they realized it would rid them of their suffering. TINGLE'S LAXO ASPIRIN. This is genuine aspirin, with all its pain-combating power retained and two new qualities added—a digestant and a

laxative; these two aim to overcome the drawbacks of ordinary aspirin. TINGLE'S LAXO ASPIRIN tablets are equal to five grains of genuine aspirin, plus the advantage of a digestant and a gentle, effective laxative. They are scientifically right. Ask your physician. He will tell you they are better aspirin than any of the older forms. Be sure to ask for TINGLE'S LAXO ASPIRIN, the new, improved aspirin with the three points:

—It's absorbed easily
—It relieves pain quickly
—It's a gentle laxative
